

100% Bartolucci Vineyard

100% Napa - Carneros

We began cultivating Vermentino in Lodi back in 2003 and just recently migrated west. Our newest block is planted on a steep hillside having an eastern exposure and farmed CCOF in Napa's coolest growing region.

With fruit maturity being a crucial factor for us, we find Carneros offers a fairly broad window for picking and we night harvested in mid Oct.

Utilizing a fruit enhancing yeast, the cool fermentation (without any malo lactic conversion) was followed by racking-off the crude lees and aging on light lees for five months. We lightly fined for stability and then polish filtered just prior to bottling.

Bottled in May, 2020; 13.7% alcohol, pH 3.15 & TA 6.6 g/l

Aromas of white blossoms & sweet peas; a complex interplay of flavors suggesting citrusy lime, kiwi & tart apple; medium bodied, with a saline mineral hint & palate renewing finish.
